Annual Tax Incremental District Report

Village of Mount Pleasant, Wisconsin Tax Incremental District No. 1

Purpose: State law requires municipalities with an active Tax Incremental District (“TID”) to electronically file an Annual Report for each TID by July 1 of each calendar year. This is a summary of that filing to be used at the annually required meeting of the standing Joint Review Board.

District Summary: Tax Incremental District No. 1 (“District”) was created on September 11, 2006, as a mixed-use district. In 2019, the District’s Project Plan was amended to add territory. The District’s expenditure period ended on September 11, 2021, and its mandatory termination date is September 11, 2026, unless extended. With approval of the Joint Review Board the District’s maximum life may be extended for an additional six years. The Village has obligated itself to request the extension under the terms of a development agreement, if necessary, to allow for full payment of certain incentive payments it has agreed to make.

|-------------------------|---|---------------|
| Background Data: | Base Value | \$4,301,900 |
| | Incremental Value (as of January 1, 2025) | \$161,700,000 |
| | Year End Fund Balance (2024) | \$2,924,924 |
| | Projected Final Year of Tax Increment Collection (based on current cash flow) | 2027 |

Notes: In 2022 Tax Incremental District No. 7 (“TID No. 7”) was created which partially overlays the District. Also in 2022, HSA Commercial began construction of a 226,000 square foot speculative industrial building at the northeast corner of Carrington Boulevard and Washington Avenue (STH 20). That portion of the building completed in 2022 is reflected as increment in TID No. 1, while the additional value added through completion of the building was captured as incremental value in TID No. 7.

The development agreement with HSA, which was entered into prior to the creation of TID No. 7, provides for issuance of a “pay as you go” Municipal Revenue Obligations (“MRO”) to reimburse the developer for the costs associated with installing public infrastructure. This MRO was issued in 2022 for costs incurred by HSA to construct an extension of Kilbourn Drive.

The development agreement with HSA obligates the Village to request extensions to the maximum life of the District if necessary to fully pay the MRO balances. Based on current cash flow projections the Village does not anticipate needing those extensions and will utilize cash on hand within the District’s fund to pay off all remaining balances on Village debt and development incentive obligations in 2027.

**Joint Review Board
Action:**

Resolution acknowledging filing of Annual TID Report and compliance with annual meeting requirements.
